SOME 'SKIN ON YOUR MIND?

Superb Issue but Please give us more intact photos. Cocks with retracted skin look like cut dicks in any porno mag. I subscribe to look at foreskins. The uncut cock is the most beautiful thing in the world: look at page 29 and 31—KIKO is fabulous! And your color printing is splendid... the B&W can be upgraded.

GI
via the internet

Hey guys,

I just picked-up issue 32 of *FQ*. When I saw the magazine on the newstand, I was very excited about the cover model and Falcon's video, *Betrayed*. But when I got home to look at the magazine I was incredibly disappointed! There are many hot young men in *FQ* 32, but only a few good photographs showing their foreskins! I like *FQ* for the wonderful foreskin pictures. I don't care if the dicks are big or small, hard or soft—I want to see the foreskin! Please put more foreskin pictures in next time.

PM
North Dakota

Okay, Okay! We get the idea. GI and PM were just 2 of the readers who complained that our model layouts weren't giving enough attention to the models' glorious foreskins. I know we're "Foreskin Quarterly," but often we find ourselves at the mercy of video companies (like Falcon) who provide us with photographs of their models. Falcon scouts a lot of beautiful young (and hung!) men, but they rarely focus their cameras on our favorite piece of flesh.

I don't care if the dicks are big or small, hard or soft— I want to see the foreskin!

FQ letters (continued)

...just so you don't go away disappointed, enjoy these gratuitous foreskin pictures...

All the same, Falcon's video, Betrayed, does feature a lot handsome men with 'skin, and it seemed worth a look to us. With the exception of Kristian Bjorn, few video makers feature uncut performers as a rule. But just so you don't go away disappointed, enjoy these gratuitious foreskin pictures, with our compliments.

I've just finished reading FQ 31. I was interested in your response to the man who was middle-aged and was considering circumcision. When I was forty-nine, my foreskin had become very infected with fungi. Its texture changed and was liable to rips and tears. It was so painful that I could no longer engage in sex. Once it ballooned three or four times its size during a bout of balanitis. Furthermore, I was having bladder infections once a month. All of these conditions were caused by my type 2 diabetes. At this point I felt that I only had one choice for a cure—circumcision. Fortunately, I knew enough about the procedure to get my urologist to honor my wishes that I retain a good deal of foreskin and my frenulum after the "free-hand" op. By the way, the operation accomplished my goals. I haven't had balanitis or a bladder infection in five years. Being able to have sex once again is an added bonus. My frenulum is as sensitive as ever, and my foreskin covers about one half of my glans when I'm flaccid. Consequently, my glans has not dried out and thickened. The loss was worth the gain.

PD
via the Internet

As much as we're sorry to hear that you had to lose part of your foreskin,

we're happy know that "the loss was worth the gain." The simple fact is that as wonderful and natural as foreskin is, there are (rare) occasions when it needs to be removed, at least partially. Good for you for finding a urologist that would take the time to listen to your concerns and requests—and most important—honor your wishes. We can't emphasize enough that men need to communicate honestly and openly with their physicians about any and all health issues. If your doctor isn't sympathetic or won't listen, it's time to find a new doctor. You were able to correct a problem that prevented you from enjoying sex, without getting "mutilated." And to us, being capable of sex isn't just an "added" bonus, it is reason enough to have some foreskin removed. What good is having a beautiful penis if you can't enjoy it?

In Foreskin Quarterly *34, we'll take a look at Nigel Hunt's documentary* They Cut Babies, Don't They. *In this 30-minute documentary, anti-circumcision activist James Loewen revisits the damage done to his own body and protests the pain caused to countless babies worldwide. The video documents Loewen's various methods of protest, as well as his own skin-stretching efforts. Look for our review in the next issue of* Foreskin Quarterly.

FQ letters (continued)

Last issue we told you that the American Academy of Pediatrics had recently revised their policy on circumcision. We received information regarding the academy's revised policy just as we were going to press with issue 32, so we weren't able to give you the Academy's full statement at the time. Well, as promised, here it is. Words cannot express our joy and delight that the American medical establishment is finally beginning to realize just how barbaric and cruel circumcision truly is. Although the statement by the Academy could have more strongly (in our opinion) discouraged circumcision, wars are won one battle at a time. We are overjoyed that the horrific tide of medically endorsed genital mutilation is finally beginning to turn.

PEDIATRICS
Vol. 103 No. 3 March 1999, pp. 686-693

AMERICAN ACADEMY OF PEDIATRICS:
Circumcision Policy Statement

Task Force on Circumcision

Existing scientific evidence demonstrates potential medical benefits of newborn male circumcision; however, these data are not sufficient to recommend routine neonatal circumcision. In circumstances in which there are potential benefits and risks, yet the procedure is not essential to the child's current well-being, parents should determine what is in the best interest of the child. To make an informed choice, parents of all male infants should be given accurate and unbiased information and be provided the opportunity to discuss this decision. If a decision for circumcision is made, procedural analgesia should be provided.

We are overjoyed that the horrific tide of medically endorsed genital mutiliation is finally beginning to turn.

You can visit the American Academy of Pediatrics Website at *www.AAP.org* to see the statement for yourself. For a small fee charged your credit card, you can read the entire article issued by the Academy, along with their new policy.

MANAGER'S SPECIAL

PART 2: NICK, THE LANDLORD

FICTION BY CHRISTOPHER MARCONNI
ILLUSTRATIONS BY ROCK

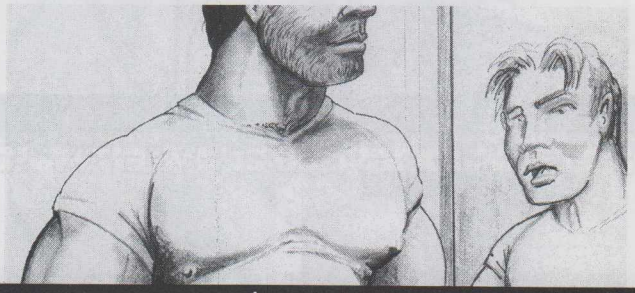
It had been about a week since my first and unforgettable sexual encounter with Nick, my studly landlord. And believe me, the vision of his long, uncut pecker never left my mind in the days that followed that hot night. Shit, I whacked off more *after* having sex with Nick than I ever did beforehand, when it was all just a string of steamy, wishful fantasies in my head. I guess you could say that once I had a taste of Nick's beefy, hairy body and that incredible uncut tool of his... well, once just wasn't enough for me.

So anyway, my Friday night daydreaming was interrupted by the phone. I picked it up and recognized the voice immediately.

Nick's deep voice oozed through the line, "Hey, buddy, how's that toilet workin'?"

I laughed, "Oh it's workin' fine. What's up with you?"

"Well, a couple buddies of mine just called and they're hangin' out at the Nest tonight. I was gonna join 'em and I thought maybe you'd wanna come too. We could get some wings for supper or somethin'?"



I GUESS YOU COULD SAY THAT ONCE I HAD A TASTE OF NICK'S BEEFY, HAIRY BODY AND THAT INCREDIBLE UNCUT TOOL OF HIS... WELL, ONCE JUST WASN'T ENOUGH FOR ME.

I paused and then, "Uhhh nah, I just ate supper, Nick."

Good ol' Nick, doesn't give up very easily. So he whined, "Aww, man, c'mon, if you don't wanna eat... you could still get shitfaced with me. Besides, I kinda wanna get away from Ann tonight. It's her time of the month, you know how that is."

"Yeah, I know how that can be. But I dunno, I'm not really in a drinkin' mood tonight, bud. Sorry, guy, maybe next time."

Now understand, it isn't that I didn't crave to be sittin' next to Nick at some bar, pounding beers back and shootin' the shit with him. And I have to admit, I really wanted to see what he's like drunk. I mean, what does such a friendly, ultramasculine, big bruiser become when he's shitfaced? I could only imagine.

But what stopped me was the fact that he was gonna be there with some friends—straight friends, of course. And that scared me. Only because I felt like I would somehow give away my feelings for Nick in front of them. And I'm sure he would have killed me. Now, it's not like I can't keep my mouth shut about things, that's not it. It's just that Nick and I were together *so* recently, and I still felt like I was on some cloud from it, that I just believed it would be written all over my face. I'm not very good at covering up my lusty highs—especially when I'm drunk!

So I flicked on my computer and started surfin' the Net. But of course I couldn't get the whole invitation out of my mind. I even half-considered throwing on some clothes and meeting him after all. But I managed to restrain myself. It was all just too fresh still. Shit, merely being around the big lug gives me a massive hard-on. I knew I couldn't risk it.

A few hours later, there I was... still on the computer. And I was just answering some e-mail when a couple loud pounds hit my door. They were such hard knocks that they scared the shit out of me and I almost fell out of my chair. So I got up and opened the door, just in time too. A big boot was raised from the floor, ready to kick at my door again!

There, leaning against the doorway, was Nick—drunk as a skunk. And he just smiled, "Heyyy, buddd."

I looked down at my door, "Were you just kicking that?"

Nick belched, "Yep."

And I laughed as I let him in, "Well, you're gonna have to come back tomorrow then and clean those black marks off."

Nick staggered in. "Got any beer, dude?"

"Uh, yeah, sure." I knew it was the last thing he needed, but then again, he wouldn't be driving anymore anyway since he lives across the parking lot. So I went into the kitchen and cracked open two beers. (Notice how all of a sudden I'm in the mood to drink?)

I came back out to the living room. "So how was your night out with the boys?"

"Ohhh, it was fun. You shoulda been there, dude. I could have introduced ya to my buds."

I sat down on the couch and took the opportunity to drink Nick up with my eyes: clingy black T-shirt tucked into tight black jeans, and those hot black boots. Shit, my cock ached

already! And in that outfit, this "black" bear looked bigger than ever. His huge arms poured out of the sleeves, his hefty pecs heaved underneath the T-shirt from his heavy, drunken breaths, and his big hand was resting solidly on a man-sized bulge in his crotch. All of a sudden I felt like a boy in front of him.

Nick downed his beer and slammed it on the coffee table. "Another!"

I was kinda surprised by his bossy tone, but he did say it with a smile. I gave him a look. "Are you always a brute like this with your wife?" Something inside of me wanted his answer to be *Hell, yeah!*

But instead, Nick got a devilish glint in his eyes as he raised his boot and kicked the bottle off of the table, "What do *you* think?"

I quickly downed my beer, picked up his bottle from the floor and beat-feet to the kitchen to get some more. I gotta tell ya... I was beginning to sweat. Alcohol obviously turned Nick into a macho son-of-a-bitch, and it was gettin' me hot! I was a little nervous, though, and so I opened the freezer and called out to him, "OK, I got some cheese sticks here, some potato skins. What do you want?"

Out of nowhere, Nick's hand appeared and slammed the freezer door shut. I spun around and stared wide-eyed into his dark, stubbled face as he squinted his red eyes at me and dropped his voice to a gritty whisper, "I ain't hungry for no... damn... food!"

My heart flipped around inside of my throat. I didn't know what to say. He scared me with his stern expression. But it made me hornier than hell too. Funny thing is, ever since I met Nick, whenever I whacked off to him (which was often), my fantasies always painted him as a big, rough bruiser. Lord knows he's got the body and the looks for it—but in real life he always acted more like a teddy bear. And so it was a leap that my mind made. But at that moment, standing face-to-face in my kitchen, my mind didn't have to make that leap. I was living it.

Nick grabbed his beer off of the counter and took a long swig. Then he belched, "Well? Aren't ya gonna ask what I *am* hungry for, dude?"

I smiled at him as I tilted my head to the side and pondered whether I should ask the inevitable question or not. Then I let my hungry eyes slowly roam down his giant body.

Nick groaned, "Ahhhh, that's right, dude." Then he placed his bear paws on my shoulders and started pushing me down lower, "You *know* what the hell *I'm* hungry for don't ya?"

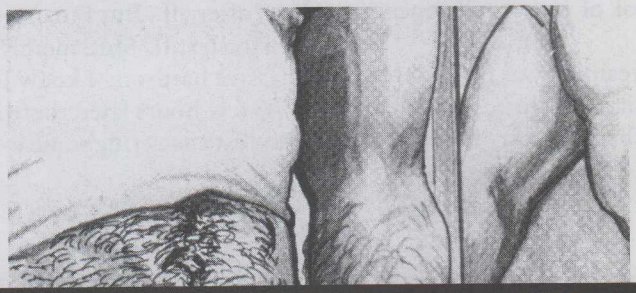
He pushed me down until I was kneeling before him. I was completely speechless, helplessly snared in his web of power. Then he grabbed my head with one hand and forced my face deep into his denim bulge. "Gee, maybe I should have asked you, dude... what are *you* hungry for? Huh?"

Nick rubbed my entire face over his manly mound with increasing pressure. "Hmmm? I can't hear you. What are ***you*** hungry for?"

I knew he wasn't gonna let up. Nick was savoring every second of this. And as he shoved me further into his crotch, my nose filled with his pungent odor. It was much stronger than I remembered it from the first time. It smelled like an entire day's sweat had collected there.

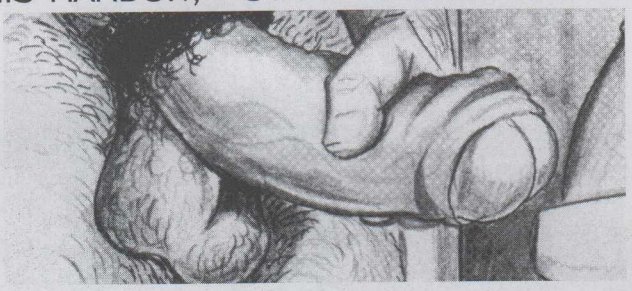
And I didn't want to give in so easily, but I was getting some severe denim-burn on my cheeks and so, when he asked me again, I pulled back and whispered, "Your cock. I'm hungry for your cock, dude."

Nick drunkenly stumbled back a bit and grinned, "Oh yeah? You hungry for my uncut pecker?" Then he undid the top button on his jeans and yanked the zipper down. His black boxer briefs punched out of his jeans as they strained to contain Nick's thick stick.



The mighty landlord stepped closer to me again, and once more I was overwhelmed by the potent aroma steaming out of his crotch. Nick grabbed my head and shoved my open mouth onto the tip of his hardon, "Start chewin' on my skin, dude." I bit and nipped on the fore-

NICK GRABBED MY HEAD AND SHOVED MY OPEN MOUTH ONTO THE TIP OF HIS HARDON, "START CHEWIN' ON MY SKIN DUDE."



skin beneath his boxers. Nick laughed out loud, "Oughta be pretty ripe for ya down there cuz I didn't have a chance to shower before I met my buds."

And damn, was he right! His scent was an intoxicating mixture of sweat, ass juice, sweat, piss and more sweat. Between that and the beer, my head was swimming. But I kept on chewing his skin through his boxer briefs like a good boy. And my pecker was dying to get out of my jeans.

Then Nick suddenly stepped back, "OK, OK..." he said, and he zipped his jeans up again.

I looked up at him in wonder. "What's the matter?"

"Nothin'... I gotta take a piss."

And without even thinking, I said, "Don't go." That spontaneous plea reverberated in my head and I thought—*God, I sound like a damn Harlequin romance!*

Nick scoffed, "What? You want me to piss my pants? Cuz I'm drunk enough to do it."

"No, piss right here." And I opened my mouth up wide.

Nick's eyes got big. "Are you serious?" And as he asked that I could see the excitement in his face. So I nodded to him.

Well, in a flurry of enthusiasm, Nick yanked his zipper down and let his jeans fall down to his boots. He stepped closer, pulled his boxer briefs down and then flicked his half-hard tool into my waiting mouth. After a couple seconds, I felt the strong

gush of his piss hit the back of my throat. The landlord scratched his thick bush as he filled me up, "Ahhhh, this is the life."

After his finishing shakes, Nick pulled his pisser out of my mouth, "Hmm, hmm, I could really use you around the house during football games."

I swallowed the rest of him and then reached up to the counter for my beer. Nick tipped his as well. But after a couple long swigs, Nick impatiently reached down and seized the bottle from my hand. "OK, OK... enough stallin', dude." Then he pointed down towards his feet. "Now get me out of my boots."

I lifted his jeans so I could unlace his large leather boots. Then, as he lifted his feet one at a time, I yanked the big shit-kickers off of him. The odor from his feet was as powerful as the odor in his crotch. I accidentally let out a "Whew!"

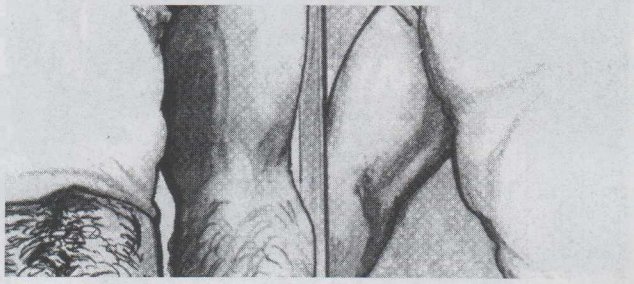
Nick stepped out of his jeans and boxer briefs in a huff, "What... you think my feet stink?"

I meekly replied, "Well, you said you didn't shower today, so..."

"That's it!" And in one big motion, Nick raised me to my feet, then he bent over and threw me over his shoulder and carried me back into the living room! He plopped me onto the floor on my back and then stood towering over me. Wearing only his T-shirt and socks, the landlord growled down at me as he raised a foot over my face. "I hate it when people say my feet stink!" That was the last vision of him that I had for about five minutes.

NICK BUSTED OUT LAUGHING, "HE HE HE... WHAT'S A MATTER THERE, GUY? NEVER TASTED A REAL MAN'S COCK BEFORE?"

Nick planted his socked foot firmly over my face, making sure to completely cover my nose and mouth with his stench. He commanded from above, "That's right punk, I got you right where I want ya. Now sniff the fuckin' stink out of my feet, dude!"



Then he really shocked me. With his other foot, Nick planted it right on the bulge in my jeans. Naturally my pecker had been rock hard ever since he walked in. And so, much to my surprise, Nick began pushing on it with his foot, running his toes all along my shaft and pressing them into my balls. I have no idea how I was able to withstand his weight on me.

It caught me off guard because, up to that point, Nick had never paid much attention to my cock. But now he was including it in his power play. With one foot on my face and the other one on my manhood, he bragged like a victorious warrior, "Well, well, from the looks of it... it doesn't look like my foot odor turns you off *that* much, bud."

I can't deny—as much as Nick's feet stunk, I was totally turned on by this whole event. His bossy attitude, his stocky body, all of his odors. Oh let's just face it—everything about him turns me on! And I was even more excited by the thought that I was going to have another taste of his uncut hunk of meat.

Well, that moment came quickly. Very quickly. In a sudden change of venue, Nick lifted both of his feet off of me, reached down and pulled me up onto my knees. Then, dangling his long dork in front of my face, he said, "I think you got some cleanin' to do here first, dude."

I didn't understand what he meant by that. "Huh?"

"Oh, yeah... I forgot... you've never had an uncut cock before." Then he grinned down at me as he scratched his stubbly chin, "Well, ya see, it's like this. Since I didn't take a shower today, the inside of my foreskin gets all funky. Know what I mean?"

I didn't know what he meant. "Not really."

So Nick gave up explaining and instead stepped closer, stretching his skin open wide before my mouth, "Start lickin' it then, bud."

I anxiously dove into his flap with my starving tongue and began scraping his inner flesh. And that's when I understood what he meant! It felt like I was licking up a kind of film that had collected there. Not only that, but it also had a strange odor, like a combination of sweat and piss. And so the first sensation of both sent my head shooting backwards away from the dirty bear.

Nick busted out laughing, "He he he... what's a matter there, guy? Never tasted a real man's cock before?"

I wiped my mouth, but I couldn't lose the grit. "Not like that one!" And I meant that in many ways.

Nick teasingly furled his eyebrows. "Awwww, the tenant doesn't like his landlord now?" Then he belched, "Tough shit, dude!" And with that, Nick forced my mouth back onto his funky flap and commanded, "Now eat my fuckin' cheese *now*! Or else you ain't gonna see this toy again, got it?"

Inside, I cringed at the idea! It was then that I made a quick decision: I'd do anything he asked just as long as he didn't take his hot hose away from me. So as Nick spread his skin open over my lips, I let my tongue come out in order to oblige the wicked landlord's demands. I slobbered into his flap and scoured his inner skin with my tongue, collecting and swallowing all of his potent headcheese.

Once Nick saw that I wasn't going to resist him, he let go of his skin and put his hands on his hips with a groan, "Hmm... very good. Now aren't you glad I came along tonight? All dirty and shit?" Then he ran his fingers through his bush again. "You should be thankin' me, ya know. You're gettin' an education from me, dude."

It's funny, once the initial scent of his cheese washed over me, I became used to it. More than that, it triggered an even deeper lust inside of me. I reached up and pulled his skin out, plunging

my tongue in even further. It was like I wanted anything and everything that came out of this stud's body, no matter what!

Nick laughed, "He he he... if I don't know any better, I'd say you were a pro at this."

And with every cleansing lick I gave Nick, his dirty pecker grew even more. His dickhead was swelling, and it seemed like I was running out of space to lick in there at a rapid pace. I reached down and started frantically palming my stiff prick through my jeans. And I was just about to ask him if I could finally lose my clothes when Nick suddenly moaned and then knelt down, knocking me onto my back on the floor.

He growled, "Cleanin' time is over. Now suck me off, bud." And he stuffed his throbbing stick into my mouth without waiting for any answer.

I immediately tasted a steady stream of precum oozing out of his foreskin, so I began sucking him off with a passion. The lusty landlord grabbed my head and started jerking it on and off of his veiny dork with the breakneck pace of a hand. The room was spinning and so I closed my eyes and concentrated on his imminent explosion.

Nick called out in a deep rumble, "Suck it! Suck it! The man's gonna cum!"

And no sooner were those words out of his mouth when I felt the first wave of his goo crash against the back of my throat. Nick continued his panting pace, pulling me on and off, on and off, until every last drop was in my stomach. I swallowed it all and then he let go of my head. I opened my eyes and saw a sweaty, smilin' Nick staring down at me.

He smirked, "Whew! I needed that." Then he got up and went to the kitchen to get our beers.

As he was walking back, I asked, "You mind if I get out of these clothes? I gotta take care of my load... and fast!"

Nick's face changed and it was like he suddenly realized for the first time that he'd forgotten about my poor pecker, and so he sat down on the floor next to me. "Oh, sure, go ahead and strip, guy. I wanna see what you got anyway."

So I stood up and got out of my clothes and then sat back down on the floor next to him. In the process, Nick also stripped off his T-shirt. Then he sized me up. "Not bad, dude. Smooth, toned... you're in great shape."

It was about the best I could expect coming from a straight guy. Then I stretched out on the floor because my rock-hard dork needed some immediate relief. It was then that Nick commented, "Man, you got quite a cock there too, bud." He leaned down and gave it a better look, "Pretty damn thick, too. Of course it's not uncut. But I guess I can overlook that."

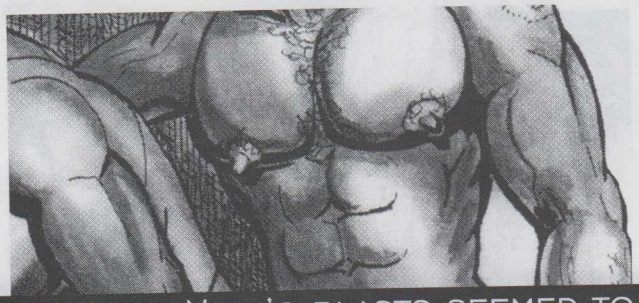
I laughed because it was very obvious that this was the first time Nick ever got so up-close with another guy's dick. You could just see it in his eyes. He was interested, almost fascinated, at the shape and size of my pecker. But all I knew was that I wanted to shoot my damn load already. Talkin' could wait.

So I closed my eyes and started strokin' my stick full-speed. Well, I guess Nick didn't like it too much when I shut my eyes. But it was what I was used to. Anyway, I felt my nuts beginning to tingle when Nick got to his knees next to me, "Hey! I'm still here, ya know!"

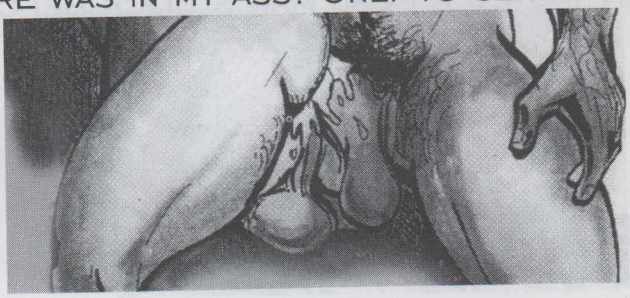
I opened 'em again. "I know that."

But that wasn't good enough. Nick hopped over me and straddled his wide, hairy ass over my face, "Well, I think you need a little reminding." And then he spread his big cheeks apart. "Now lick it!"

I was amazed at how even *my* moment was being turned into his pleasure! But I certainly wasn't pissed, because if anything was going to rush my blast, this would certainly do it. And so as he squatted over my mouth, I started eating his ass out like there was no tomorrow. Nick's deep growls filled my ears and I felt his beefy body shudder all around my busy tongue. All the while I stroked myself faster and faster.



JUST LIKE THE FIRST TIME, NICK'S BLASTS SEEMED TO OPEN UP EVERY LAST CREVICE THERE WAS IN MY ASS. ONLY TO SEAL THEM WITH HIS GLAZE.



And I guess since Nick was now sitting on my face and obviously watching me stroke, it must have stirred something in him. Because every once in a while as I was whacking it, I felt an occasional finger or two touch my shaft. It sent shivers all through me, so much so that my nuts went berserk and my cock started gushing load after load out of 'em.

The funny thing was, it got super quiet while I shootin' and I didn't understand why. There were no more groans out of Nick and his ass remained motionless over my face. And so finally, when I was done cumming, Nick lifted himself up slightly and I slid out from under him. It was then, when I turned around to look at him, that I realized why it had become so quiet.

There Nick sat, with a goofy, drunken look on his face and several ribbons of my cum dripping off of it! He had obviously been right down there, doing his examining, when I began shootin'. And so he ended up being the target, and man was I right on! White goo ran down from his forehead to his chin. There was even some all around his lips.

Well, Nick didn't say anything. But I couldn't help busting up at the sight of him. "Ha ha ha, was it good for you too, guy?"

Nick scoffed as he reached over and picked up *my* T-shirt to wipe himself off with. I egged him further, "So... did you taste me or what?" I couldn't imagine that this big bruiser would have licked his lips at any time during my explosion but I couldn't help asking either.

Nick just mockingly smiled back at me, "Why don't you go and get us some more beer?"

I was surprised that he let it go at that. I mean, knowing him, I figured he'd lay into me with some heavy-duty ranting, or at least a smartass comment. But there was nothing. So I stood up and walked back into the kitchen.

I grabbed two more beers out of the refrigerator and cracked 'em open at the sink. But before I could even turn back around... boom, Nick was there! He pressed his burly body against my back and basically pinned me to the sink. I couldn't move and so I said the first thought that had occurred to me, "For somebody so big and beefy, how the hell is it that you can sneak up on somebody so quietly?"

But Nick didn't answer, and he didn't move an inch either. Instead, he pressed his weight into me further, forcing me to bend forward at the waist. I felt his deflated pecker gaining new inspiration against my leg with every passing second. Then he muttered into my ear, "We'll see who gets the last laugh here."

I gulped hard because I knew there was nowhere to run. I felt a thick finger land on my neck and then slowly press its way down my spine. Nervously, I tried to break the loud silence, "So how about those cheese sticks? Are you hungry yet?"

Nick snorted a laugh from behind me as I felt him lift his weight off of me. "Oh, I'm hungry all right." But I still couldn't move because he held me in place with his strong hands. Then I heard it... the sound of all sounds. It was the sound of someone spitting. And I prayed that the big lug was doing it into the sink. But I anxiously watched and watched and no hocker hit the steel before me!

Then he removed one of his hands from my back and I knew what was coming. I closed my eyes tight and, in a wicked force of entry, Nick popped his spit-smeared sword up my hole! I belted out, "You fucker!" cuz the instant pain was intense.

But the big bruiser just steamed, "Awwww, now what's 'a matter, Mr. Tenant?"

I started to spew a string of replies to his smartass attitude, but he just talked right over me as he steadily sank his stiff shaft into me further. "Lose somethin' down the sink there, guy? I mean the way you're bent over it and all." He reached down and smacked my ass hard. "Maybe the landlord needs to lay some pipe, eh?" And he plunged into me further.

Nick was absolutely loving this, I could tell. Total control made him high. And I have to admit, once the initial sting of his surge passed, I was feeling fucking turned on by it all too. I also think he really got off on my pseudo-resistance. I mean, I don't think he would have got into it as much if I had just rolled over and said "Take me." He probably would have walked out.

So anyway, sweat covered my whole body as Nick clenched my shoulders in his fists and then drove his last inch hard up my tight butt, "Ohh, yeah! Mr. Tenant is mine now!"

He then started an erratic pumping pace on my ass. Slow, fast, slow and then faster than the speed of light! He held onto my drenched body tight so I wouldn't fly across the room, cuz even though he was pressing his body against me, this big bear was comin' at me from every direction. Shit, I never had a more angled fuck in all of my life!

And every time Nick collapsed his heaving, hairy chest onto my back, I felt the puddles of sweat that had collected there in his fur. I was so aroused by it all that my spent cock was stiff

again. But I couldn't possibly reach it with my hand since I was pinned against the edge of the sink. So, frustrated and horny, my hard pole simply smacked against the bottom cupboards as Nick continued his assault on my battered ass.

The lusty landlord grabbed a hold of my hair. "Awfully quiet there, guy. Are you busy daydreaming about how my load's gonna feel up that tight ass of yours."

Actually I was, so I said, "Yes, sir."

"He he he, that's what I like to hear—respect for a change."

And then, after a few more furious bronco-bucks, Nick's thick stick started spitting deep into my hole. The landlord bent forward and sank his teeth deep into my back as he growled, "Hmmm yeahhhh." He slowed his thrusts down in order to maximize the sensations around his twitching tool. Once again, just like the first time, Nick's blasts seemed to open up every last crevice there was in my ass, only to seal them with his glaze.

My own twitching dork was impatiently smacking against the cupboards, beggin' for some relief. And just as I was about to ask Nick to let me at it, I felt a rough hand grab hold of it! He started yanking it down like he was milkin' a cow. He was done cumming, but his hard hose was still stuffed up me to the hilt as he tended to this last piece of business. I couldn't even believe he so readily took matters into his own hands... literally.

And the idea of Nick jackin' my cock was all it took. Man, my balls burned from his tough touch, and it was only a matter of a few minutes of his strokin' before I was coating those cupboards galore. Nick groaned, "That's it, dude, shoot that spunk." Then he added, "This landlord knows how to take care of his tenants."

After we cleaned up some, that sad feeling washed over me, cuz I knew he'd be leaving. It's pretty funny because during these hot encounters, I kinda forget that this dude's married. It's funny, but it's also sad. So I said to him, "Man, your wife must really be wonderin' where the hell you are, guy."

Nick took a long swig of beer. "Nahhh, she knows better than to wait up when I go out drinkin'." He wiped his mouth. "Shit, I usually just crash at one of my friends' houses afterwards and just go home in the morning."

"Oh, yeah?"

Next thing you knew... Nick and I were stretched out in my bed! And I couldn't have been more excited to have him there, next to me. But naturally, my mind was much too busy replaying the whole hot night so I couldn't fall asleep right away. I just laid there listening to Nick's heavy breaths and wishing that this incredible guy was mine to keep somehow. I mean, for me, he was the total package: a kind, big 'ol bear with a hardass, tough side to him as well. Who could ask for anything more? I certainly couldn't.

And so as I laid there, trying to let go of some of my deeper feelings for him, Nick rolled over and threw a big arm across my chest. "Sleep well, buddy." Then he pulled my head onto his huge, hairy pec and fell asleep. My feelings dripped out of my eyes and puddled in his fur. FQ

FQ&A

DR. WAYNE ANSWERS

Q I have phimosis. This is a condition that I have lived with for many years. Fortunately, I have not had any serious difficulties from this condition, but I know that it is always possible that I could. I would like to remedy the condition, but without surgery. I have tried stretching the skin manually without much success. I read about the use of a speculum, so I went to a store selling medical equipment. They had nothing like that on hand and showed me a couple of catalogs with many brands and sizes and shapes, and I had absolutely no idea what I need to order.

Please, can you help me by giving me exactly what I should order?

Thanks for your help.

R.G.
Florida

A *Stretching the tight foreskin sideways takes a bit of persistence and frequent and prolonged stretching. You need to use your fingers, pulling sideways for 10–20 minutes twice a day. After a warm shower helps, as the skin is warm and more pliable. You need to perform this regime for a number of weeks or a month or two until you are satisfied with the new opening. You cannot do it haphazardly or just once in a while and expect results. What you are doing is tissue expansion, which I have talked about at great length in other answers.*

The dartos or peripenic muscle turns radially in the area of the foreskin overhang and tissue expansion requires one to stretch the collagen so that new cells can form in between the strands of both muscle and dermal tissue.

Dr. Michael Beauge wrote a treatise on the subject of phimosis and its treatment. Barring any other physical problems, you can with persistence open the prepucial opening and have satisfaction and comfort, as well as greater fun with your foreskin as it glides over the corona of the glans.

You asked about use of a speculum. Since your hands and fingers can become tired over the 10-20 minutes of stretching, a speculum is quite good at doing the same thing with less effort. I have seen a foreskin stretcher advertised in some magazine, but cannot find it at this writing. It is two pieces of metal with a screw to widen the opening, which you wear during the day. You could make one by getting a piece of small PVC pipe, making sure the edges are smooth; insert it for the day, taping it in place, moving up to a larger diameter as the tissue is expanded. I have been to a medical supply company and looked in their catalogs for the type of speculum you want. I would probably get a Vienna Nasal Speculum. They come in infant, child and adult sizes for about $20. I am sure there are other specula that are available which would be of a similar style. You would have to decide if that is what you are looking for and decide on the size which would fit your prepucial opening.

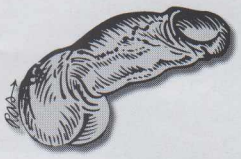
Let us know how you are doing as time goes on. We like to share success with others.

Q Why do some guys *not* like you to pull their foreskins back?

Phil J.
Daly City, CA

A *There are two things that can be painful. If the guy is very young, his foreskin may not yet have fully separated from the glans. However, usually it separates by the age of five or so. Some, however, do not have full separation until their teenage years. (And jacking off helps, if they do it carefully.) The other reason, which is the main reason for not liking the foreskin pulled back, is that the lips of the prepuce have not stretched or relaxed sufficiently to comfortably retract. This is called phimosis. There is nothing wrong with not being able to retract the foreskin. Some men never do it. Others, however, have a very loose opening, and the foreskin goes back and forth with great ease. Michael Beauge, M.D., an andrologist in France, wrote a paper about the Conservative Treatment of Primary Phimosis in Adolescents. (He got to play with a lot of young ones, I guess.) Simply put, you can stretch the prepuce lips sideways, helping them to open up. A warm bath, some oil, (probably vitamin E or aloe vera would be good) and then with two fingers inside the foreskin, pull sideways to stretch the opening. About 10*

Are there any "tricks of the trade" my friend can use to increase the quantity and the potency/ pungency of his smegma?



YOUR 'SKINQUIRIES

to 15 minutes once or twice a day for a few weeks should help open the lips and let the foreskin slide back and forth. I know, all of these medical procedures will give you a hard-on and you will probably cum a big load, but that is OK too.

Q I have subscribed to FQ magazine for two years. I am uncircumcised and have 9". I have a very tight foreskin and an overhang of two inches.

When I am totally hard it will not come back at all, nor will it come back when soft. My problem is I cannnot clean under the foreskin.

My question to you is—what makes head cheese under my foreskin? I can not get the foreskin back to clean under it.

My next question: how can I do this with such tight foreskin—and without surgery? The head cheese smell is so bad on my jock strap and shorts that my doctor looked at me and said I should get circumcised. I said no way, but he could tell me nothing else to do to correct my problem. What do you advise?

When I masturbate, it hurts when I am hard, and my cum does not shoot out like a cut cock, but just dribbles out of the folds of my foreskin or dries under it. My cock smells so bad that even though I like some smell, I think it smells too much.

Robert

A *There are many men who are envious of your long foreskin and the size of your dick.*

However, not being able to retract it is the condition called phimosis. It is regrettable that your doctor does not know very much about foreskins and only wants to hack them off.

You can do some cleaning inside your foreskin by taking hold of one side of it and pulling it up and away from your body and then flushing it out with a stream of clean water when you are in the shower. You need, of course, a full stream of water. If this is not convenient or does not work, then get a turkey baster, which has a large bulb at one end and a long tube with a pointed end, and fill it with clean water. Stick the end inside your foreskin and flush it out. Do not use soap because if there is any residue, you will cause an imbalance in the pH, and it might burn you. Just clean water, please. Rinse out your foreskin once or twice a day if you want.

Head cheese is what you buy in the store for lunch meat. The "cheese" under the foreskin is officially called smegma. It is composed of the fluids that you produce as well as the dead cells that are sloughed off as new cells are made to replace them. Some of the fluids are, sweat, mucus (like in your mouth), precum, and secretions from the Cowper's, sebaceous and prostate glands, to name a few. All of these fluids mix to keep the glans penis soft, moist and flushed. These fluids are mostly acidic in nature as well as antibacterial, so they are a natural barrier to infection.

One of the methods above will take care of rinsing out your inner foreskin. You don't really need to retract it.

You can open up your foreskin with the methods described by Dr. Michael Beauge.

Quite simply, it is the stretching of the dartos muscle sideways. After a warm shower, take your index fingers of each hand and insert them inside the foreskin lips and pull sideways, stretching the opening. Hold it open as far as you can without hurting, but putting tension on the muscle. Hold it for 10 to 20 minutes at least twice a day. It will take some time—a month or so—to have new cells grow in and allow the opening to become larger. You then will be able to retract your foreskin when you want. You could also buy a nasal speculum. This is an instrument that doctors use to open up the nose and look in. It is like a pair of pliers in reverse. You could insert it and open up the lips and hold it for the time.

I am told also that there is a foreskin stretcher, which is two half-rounds with a screw spreader, so that you can insert it and screw them wider apart to stretch the lips open. I do not know where to buy them, however.

By getting your foreskin open, you will be able to rinse it and retract it, and then perhaps your ejaculations will be more of the shooting kind. However, I have seen circumcised men who shoot great lengths as well as those who only dribble. So who knows how you will shoot when your foreskin is back? You must write and let us know.

Q My uncut boyfriend used to wash his penis and foreskin with soap till it was pristine and impeccable—that is, until he met me. When I asked him if he would "go wild" for me, I was indeed pleased and delighted that he agreed to do so. Now, every time I see him after an absence, he presents me with a foreskin full of fragrant man-musk. Then after what seems only ten minutes or so of sniffing, rubbing, and such, his dick is as clean as if I had washed it with soap myself. Do other guys into smegma complain about it being so ephemeral—there one minute, and gone the next, evaporated into thin air?

Are there any "tricks of the trade" my friend can use to increase the quantity and the potency/pungency of his smegma?

Barry

A *I am glad that you talked your boyfriend into "going wild." The man-musk is most delightful, and I am glad that you enjoy it. The fluids that are produced by each of us vary in amount from very little to copious amounts that seem to stream out without stop. I have seen both.*

From the fleeting pleasure you describe, I would imagine that your boyfriend is producing his wild side in moderate amounts, and you will have to be patient as he replenishes them. It is also true that your own olfactory senses get used to any odor within seconds, so that you don't really smell them as intensely as at first.

Sexual excitement is the only way I know of to produce more fluids, but then again, it is his bodily functions that determine how much. So when you sense that the wild odors are gone, just drop what you are doing and move away. Let him rest and recuperate and get hot and bothered again, and then when you will have cleared out your olfactory senses, you can go back after his "wild" man-musk again. Enjoy. FQ

STUDENT BODY

Fiction by Mike Gray

Photography by the BCM video, *Street Fair Meat.*

Planning to finish my master's degree, I returned to university in my mid 30's. The day I registered was a real scorcher. Unlike today, registering in the late 70's meant lining up, since phone registration wasn't invented yet. So I endured hours of standing around during a late August heat wave. Downing lots of water, I had to hit the can several times as the line snaked around the campus.

In the men's room it was clear that more than nature's call was answered there. Graffiti revealed that the call of the wild got answered too. I found a few gloryholes that had been repaired, and one that was still open—right beside a urinal I used. Conscious of the moving registration line, I hurried back, promising my dick I'd return.

Back in line, I checked out the "study" options. Like any campus, there were lots of great bodies, from hulking football types to lithe swimmers. As an ass-man, I drooled over the range of butts, solid square ones to rounded, stick-out asses that whispered "Ride me." Having a nice fat piece that more than one butt had struggled to accept made fucking my favourite thing. Working it inside was half the fun.

Older than those in line by, say, 15 years, I wasn't as solid as some, but I'd hold my own. With a naturally stocky frame atop solid legs and a solid ass from running and cycling, I turned a few heads. By age 30 my hair had gone salt-n-pepper, causing a few lads to call me "daddy" in mid-fuck. I didn't care. Anything that made them enthusiastic fucks was fine with me.

Then again, my thick, juicy prong generally did the job—"daddy" or no. Uncut, and a real "leaker" with a blunt knob, it ensured a buddy's hole a good stretch from the start. My meat, trussed up in my jockeys, stirred at the thought.

In the weeks after classes began, I discovered I wasn't the only guy on campus into dick. I found no shortage of willing cocksuckers—some, true deep-throat artists. One guy had done me several times. I never actually saw him, but I'd never forget his mouth. Judging by the appreciative sniffs he gave me, he loved 'em uncut too—a guy whose ministrations had drained my nuts big time.

I often returned the favour, blowing the buddy who did me. Nobody offered me any ass-action, though. Washrooms were fine for sucking, but fucking under a stall was tough. I'd met a few guys outside the cans, but all were committed suckers.

This dry spell ended one day when, I swear, getting off was low on my list—well, as far down as it ever gets. Hitting a can not known for action to take a piss, I used a stall as both urinals were broken. Lifting up the leg of my shorts—Indian summer was on—I let my meat fall free and let 'er go.

Finishing up, I looked down to see a guy in the next stall had his foot close to my side. As I watched, he gave that time-tested signal of suckers everywhere: the foot tap.

Not today, I thought, putting my dick away, I had reading to do. Hitting the flush, I looked down as I turned to go. The guy was tapping out a regular SOS: sucker on site. My hand reached for the door's lock even as my dick got ideas. So far that term, answering a sucker's siren call had assured me decent, even great head. My meat grew insistent; a quick suck, it said, then the books... promise!

Guess who won? Do dicks ever loose?

As I yanked down my shorts, my dick sprang up, skinned back and juiced. Normally cautious—who knew if campus cops used entrapment?—I thought, fuck it. In one move I was on my knees, thighs under the stall, cock ready.

"You wanted it," I said, "do your best."

Silence.

"Come on, bud," I said, "I've got reading to do... a blow would set me up real nice."

A hand took a firm hold of my meat and started to skin me back and forth. My ample skin covered and uncovered my slick, juicy knob.

"Attaboy... now take that baby and... " The shock of a probing tongue working my piss-slit cut me off. Diving in and out, it lapped at the juice pouring out. I felt hungry lips close around the head and slide down. Letting go of my shaft, he moved to cup my balls, as his mouth went to the base. Feeling a silken throat flower open to let my bloated head in, I found my voice.

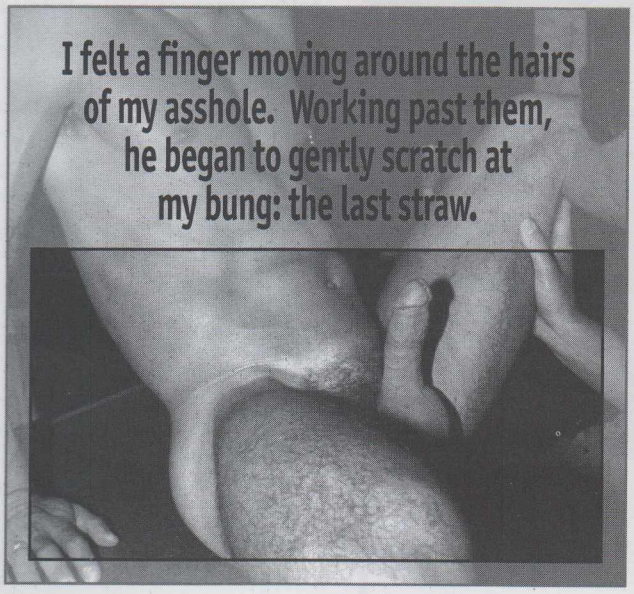
"Fuck reading... take as long as you want, buddy."

I heard a muffled, "Right on!"

As his mouth worked me up and down, his tongue paused each time to spear open my piss-slit. My meat flexed, pouring juice over his busy tongue. Some guys thought I was cumming when it was just my usual stream. In appreciation, I fucked upwards into his throat as much as the wall allowed. By alternating between squeezing my nuts till they ached and then stroking 'em, the guy got me close fast.

"Easy, man... you're too good."

Pulling his mouth off, he went back to jacking me. Squeezing me tight, he worked my skin back and forth. All that excess spit and juice made for an audible hand job.



With a start, I felt a tongue move across my balls. Tight because of my ready load, the bag was taut. When he sucked one inside his mouth, I hissed through my teeth, then sighed. Gripping the bottom of the wall, I fucked his hand as he bathed my nut. I grunted when he forced it into his mouth. Few things can match having your balls soaking in spit.

Good as it all felt, my dick got jealous. I pulled my nuts free of his mouth. As soon as my knob was in range, he caught it. Shoving upwards, he gagged as I plugged his throat. His strangled "Oh, yeah'" told me he was into it, so I started fucking away at the clutching throat.

I felt a finger moving around the hairs of my asshole. Working past them, he began to gently scratch at my bung: the last straw.

"Jeezzus... take it, buddy... you earned it."

With a shove that bruised the tops of my thighs, I went ball-deep. My nuts throbbed as my load rushed up my dick. Feeling my pucker flare open, the kid slid a finger halfway up my hole. All I did was grunt nonsensically as days' worth of cream pumped up my shaft, out my slit and over a waiting tongue.

Hearing him moan around my cumming dick, I knew I had a real cumhound. With a series of gulps, his throat accepted three heavy shots at least. Then it was his turn to gasp and grunt as he unloaded. Yanking his mouth off my streaming meat, he cried out, "Cumming, man... aaahhhh!" I felt a splash across my leg.

Soon as it hit, we froze... somebody was coming!

Both hauled ass onto our respective seats before the new guy got near. Looking down at my meat, I saw it give one last sleepy twitch, dripping jizz onto my nuts. Wiping his jizz off my leg, I gave it a taste—nice. Knowing the guy outside was waiting, I went for my shorts. As my hands pulled them up, my sucker slid me a note.

"Go again? Got a hot ass & a place to go. Follow me after a minute."

I heard him exit his stall. "...a hot ass...a place to go," I whispered.

Again my meat won out. Thickening up, my slit gaped open, ready. My nuts felt sticky as I slid my shorts up. I hung my T-shirt out, my demanding meat too obvious.

Once outside, I spied my buddy at the end of the hall. Waving to me, he then stepped through an exit to outdoors. I got a quick look. A little smaller than my 5'8, he a had mass of curly black hair and a slim build. Wearing a white singlet and loose grey shorts, he showed plenty of smooth, olive-coloured skin. Before the door closed, I was half way there.

Sunlight brought me up short. As my eyes adjusted, I saw my guy just cornering the engineering building, maybe 50 feet away. After looking back to see that I followed, he was gone.

Sprinting, I rounded the corner in time to see him at the edge of the campus woods. Checking to make sure I'd seen, he parted the foliage and stepped inside. He looked like a swimmer, lithe and muscled.

Bushes, I thought—not really my scene. I'm always too nervous about being caught. But a nice ass to fuck, woods or no woods, was too much to pass up. A dozen quick strides and I was there. Lifting aside some brush, I saw him down along a barely visible path. Doesn't look like anybody comes through much, I thought, feeling more at ease.

His singlet glowed in the deep shadow till he rounded a bend in the path. Once I reached that spot, the path died out. Disoriented, I couldn't see him anywhere.

"Over here," came a voice.

Ducking under a branch, I saw him just as he stepped out of his shorts. I just about creamed right there, it was such a sweet ass. Without a glance my way, he lay down on the singlet which he'd placed on a log in front of him. Clad only in tennies, he was bent over, ass end to me. Eager to be fucked, he spread his feet apart, forcing his cheeks to do likewise.

"Any time, man," he said, looking back at me, flashing a bone-stiffening smile.

"Uh... is it, uh, safe here?"

Slowly rotating his ass he said, "Yeah, I've been here before... nobody comes around."

I pretended to be hurt: "I'm not the first?"

Locking eyes with mine, he said, "No. That's why you're about to enjoy a great fuck."

This is unreal, I thought, stepping to within a few feet of that waiting ass. Like his legs, the cheeks were smooth, outlined by a hint of tan line; above his narrow waist, the classic "T" of the swimmer's back. Pushing up on his toes, the ass rose, making the hairless, olive-coloured cheeks part further.

Seeing his tiny, dark hole was too much. I shucked my shorts. Stretching my heavy meat with one hand, I peeled off my shirt but kept my runners on. The woods were cool, but the trip here had left me sweaty. My pits were fragrant and my balls hung loose, my chest hair sprinkled with sweat.

Arching his back, he asked, "whatta ya waiting for, man?" Looking at those dark green eyes, I thought, this guy's a heart breaker. I'd guess he was all of 20.

I smiled back, slowly jacking off; "Enjoying the scenery."

He looked away. "Yeah, ain't it pretty?" he said, lifting his ass.

Stepping close, I dropped to my knees, bringing my hands down hard on his ass. He yelped but didn't pull away. My dick pulsing, I took a cheek in each hand. Spreading them, I saw his crack was home to a little hair. It formed a dark halo around his pucker. Darker than the surrounding skin, the bunghole was about the size of a quarter—a wrinkled spiral that twitched. Pushing his hips back, ass muscles flexing, the ass-slit opened slightly.

Cock dripping on the leaves below, I shoved my nose inside. Slamming into the puckered circle, I took a long whiff. The heady smell of ass was everywhere. Deep in his crack the heat was amazing. Pressing the slit, I nudged it open with my nose. Darting out my tongue, I licked the area behind his nuts.

Grinding back, he moaned.

Keeping the cheeks spread, I pulled out for another look. His open hole, revealing the purple interior, made me nuts, its smell on my face. Taking a hand away, I used the remaining one to keep the cheeks parted. The other took hold of my leaking dong.

Working the skin slowly over the knob, I leaned forward, tongue out. The tip of my tongue met his hole. Swirling around the wrinkled surface, I soaked every ridge and valley.

"Oh, yeah... lick... lick it all over."

Changing to the flat of my tongue, I felt him widen his hole. I moved away, making him wait. Drawing my tongue up the musky crack, I circled the small of his back before heading south.

Somewhere a bird called, a small animal darted around. The heat of the day kept most creatures still, but not us.

Feeling me near his hungry bung, he arched up to trap me. Naturally, I lifted my tongue away, reconnecting on the other side. At his nuts, I roughly licked them, covering them with spit. He whimpered.

As I headed north, he seemed resigned, didn't even try to grab me—my cue to dive right in hard and fast, shoving open the slit with my wet tongue.

He screamed in shock, "Yessss!!"

I stroked my heated meat in time with the tongue-fuck I gave the warm asshole. The inside was silky and incredibly hot and tasty. Flowering open, the ass welcomed me inside. Once I was there, he tried to milk my tongue like a cock. The crack of his ass muffled my appreciative moans.

"Does this help?" he asked, reaching back to pull apart his cheeks wider still.

"Yes!" I grunted, quickening the pace of my darting tongue.

In response, he pressed back at me. "Good boy... put me where you want me."

"You know where... daddy," he whispered, "in there... inside."

Daddy stuff always did it for me. "That's right... Daddy's here...right where he belongs."

My free hand reached between his legs. I circled his smooth nutsac with my fingers and pulled down, all the while my tongue plundering his hole. His breathing was ragged.

Stretching it till he yelped, I let the balls go. Reaching under him, I pulled his meat back. It felt smooth and meaty, uncut like me. I felt he had yards of extra skin, and like me, leaked profusely. Skinning it back, I palmed the exposed head, then nudged my thumb into the leaking slit. With a jerk, his dick spilled juice out double-time. Slicked up, I used it to jerk him slowly. My tongue continued deep drilling him.

"Please, guy... I can't stand it, fuck me... been weeks."

I pulled out from the crack. The bunghole looked bloated, fucked. Spit ran down over his nuts. Following the trail to his meat, I saw it wasn't as thick as mine, but as long. Twisting down, my mouth was on it. Feverishly sucking, I tasted his sweet juice filling my mouth, plus a little taste of the load to come. Not wanting him to go off, I pulled back.

"Great dick, guy... a juicy fucker."

Rising up, he looked over his shoulder at me. "Fuck me!"

Stroking my meat, I gave him a steady look; "That I will."

Standing up, I noted the arrangement of sunlight and shadow on his back before dropping onto it, my cock wedged in his crack. Positioning my feet inside his, I forced them apart: "Spread!"

"Yeh, yes, sir!"

My arms covered his, hands gripping his wrists to keep him bent over. The rough surface of the log scratched his legs, but he took it. I slid my dong up and down his crack, his asscheeks hot and wet. Already soaked with spit, I added my juice. Each time the knob passed over his hole, he'd moan softly.

Licking the back of his neck, I moved to one side. Turning towards me, he opened his mouth for my tongue. Giving it to him, I dropped my hips, lining up the head with his hole. As well as he'd sucked my cock earlier, he now worked my tongue.

He broke our kiss. "Shove it in."

Much as guys say they want a cock shoved in their ass, it's not that fun—especially with a thick prong like mine. Pressing my tongue into his mouth, I started a steady push against the hole. The heat was intense as my knob pressed against it, widening the slit. Sweat ran over us as I felt his bunghole slowly open around it, pushing back my foreskin.

"There ya go, buddy... nice and slow... the way Daddy likes."

"Oh, yeah... push it in... open up the boy," he whimpered.

Feeling the assring start its stretch around my knob, I took his tongue between my teeth. I've got a real blunt head, as wide as the shaft. Trapping his tongue, I bit gently down on it just as my hips punched forward. I stopped once the assring locked behind my ridge. Distracted by my hold on his tongue, he barely felt the sting of my knob spearing him. Realizing the hard part was over, he started to shake, and push back at me.

"More... give it to me, Dad...this boy wants dick!"

Pressing forward, my thick prong opened the tunnel. Ahead of my cockhead, I could feel the walls of his ass divide, only to then close around my veined shaft like a velvet sleeve. I didn't stop until

I felt my hairy sac against his smooth bag. He winced only a few times at the thick intrusion.

I moved to his ear; "How's that, boy… feel nice and full?"

He shuddered.

Releasing his arms, I placed my hands flat on either side of him. "Time to fuck," I whispered. Looking down his smooth back, I saw my meat deep between his cheeks. I pulled back till more was in view, then plunged forward. He yelped. Next time I pulled back till my knob was spreading his ring again, and then bang… to the balls.

"Yeah, man… take me… oh, geez, that's good!"

Not saying a word, I started a good hard fuck—slow at first, then I really hauled ass, forcing the breath from him each time I slammed down. Without missing a stroke, I used my thighs to force him upwards for deeper access.

"That's better… Daddy likes a deep fuck. May have been weeks for you, boy, but it's been months for me."

Suddenly his hole grabbed me so tight I almost stopped thrusting. With rare skill he worked my meat from knob to base. Man, this guy was amazing!

"How's that, Dad?"

Now *I* couldn't speak, but I could get back in control. Punching through his tightest grip, I plundered his ass. Back and forth I rode it, he often meeting me stroke for stroke.

The forest around us was still—no breeze, no creatures, nothing. Only the sounds of a fuck filled the air.

Shoving back onto my dick with a savage push, he yelled, "I'm going… oh, Dad, I'm sorry… can't hold it."

I felt splashes of hot jizz on my legs. He went nuts, ass spasming out of control while he shook. As the ass's walls alternatingly clutched and released along the length of my dick, I too blasted off.

Feeling my dick thicken out, he yelled, "Do it, please, fill it up, man."

My cry stirred a few birds resting near by. Slamming him hard against the log, the warmth of his ass doubled as my searing cream poured out. The hot liquid bathed my cock as I held still. Counting the shots, I beat what I gave him earlier. I felt five strong pulses up my meat as my balls emptied for the second time.

Pushing himself up by his hands, he pressed me even deeper. My cock kept twitching and pulsing in his hole. Bringing my arms down and around his chest, I gave one final shove that lifted him off his toes.

His yell startled everything in the forest.

Nuzzling his neck, I could feel my dick softening in his hole, "You're right," I said, "hole's too talented for me to be the first one in."

"No, you're not," said a voice to our left. Looking up, we saw a great bruiser of a guy, wearing a university groundskeeper uniform, the name "Rick" stitched on it. His sweating pits and obvious bone-on suggested he'd been there a while. "But you're definitely one of the better ones, I'd say."

I must have looked a bit scared and foolish.

"Not to worry, man," Rick said, hand moving to open his fly, "who d'ya think showed him this place."

Looking at my freshly-fucked buddy, Rick said, "As for you, young man… let's see if you learned anything over the summer." FQ

MAIL FORWARDING: Properly prepared letters sent to your box number will be forwarded to you unless you check the **no mail** box in the form at left. (See **#1**)

RESPONDING TO AN AD BY MAIL: Put each response into a regular envelope, mark the box number (starts with #2) on the back of the envelope, pack up your response envelopes plus $1 each in an outer envelope and mail to: **Brush Creek Media, 2215-R Market Street, #148, San Francisco, CA 94114.** We forward your response directly to the boxholder.

Note: First 75 words of PERSONAL ADS are free.

ABOUT HAVING YOUR PHOTOGRAPH APPEAR WITH YOUR PERSONAL AD: New regulations are making this more complicated. Even if your photo was previously published in *FQ* Personal Ads, we are now required to have on file a release statement, list of your stage names and aliases (if any), and a photocopy of your age-proving ID.

1. FOR OUR RECORDS: This info is needed so we can send your Voice Mail box # and such to you, and so we can reach you if there is a problem with your ad. Use your legal name and, if possible, a daytime phone. This information is kept confidential.

2. AD PLACEMENT: Choose your home state unless you travel widely (Nationwide) or are interested only in contacts on the basis of the respondent's circumcision status (Cut, Uncut, or Cut or Uncut).

3. BOLD HEADING: Print up to 25 characters including spaces, absolutely no more. When counting the words in a personal or commercial ad, do not count the words in the headline.

4. AD COPY: Print it out very clearly. Don't bother using abbreviations—we're counting words, not letters. Tell 'em what you want and what you've got to offer. Every personal ad will automatically be issued a Voice Mail box number for the Brush Creek Media Personals system on which the *FQ* Uncut line is one of five menu options. You may include your address in your ad, but we can no longer publish phone numbers in personal ads. If you wish to have your photograph published along with your ad, you must do the following: 1) write *Released to Brush Creek Media for publication* and your name and signature on the back of the photo or on a piece of paper taped to the back of the photo, 2) write on a separate sheet of paper any aliases or stage names you have also been known by, 3) include a clear photocopy of your driver's license. There is no charge for photos published with personals. You have to be 18 or over to place an ad, and you may not mention or suggest sex with minors or animals. Otherwise, you're on your own. Write what you will and we'll publish exactly what you write (so print clearly). **Deadline**? Whenever your ad arrives, it will go into the next issue of *FQ*.

5. HOW MUCH? Add up the words, not including the headline, and pay 25¢ for each word in a commercial ad, and for all words over 75 in a personal ad.

6. PHONE NUMBERS: Sorry, **we can not publish phone numbers in personal ads except verified numbers of telephone devices for the deaf.** Phone numbers in commercial ads are acceptable, but must be verified. Verification costs $1.

7. RUN IT AGAIN?: Free personals will run at least four times, concurrent with your subscription. Personal ads over 75 words: Pay for additional insertions of your ad's extra words. Commercial ads: multiple insertion discount as shown on coupon below.

8. PAYMENT: Check, money order, Visa, MasterCard or American Express.

9. SIGNATURE: Required for all classified ad placements.
